**Photographers needed** for an event on Sunday, June 26<sup>th</sup>.

On the day, we will be holding our Princeton Tour de Cure and Step Out Walk on the campus of Novo Nordisk in Plainsboro. We will have around 1500 cyclists and walkers coming together to raise funds for the American Diabetes Association and awareness of diabetes.

I wanted to see if the Princeton Photography Club members would be interested in volunteering their photography skills for our event. There are many photography angles for this event - from photos at the start area (celebrations, families, etc.) to areas out on the course. Our four routes (10, 30, 60, and 100 miles) cover some very diverse towns and communities in the local area. We could even discuss making a photography contest out of this event.

For more details, I can be reached at (732) 469-7979 x3516. Thank you!

**Manhattanhenge, Sunset in NYC**, July 11  
Somerset Photography Meet-up at Grand Central Station

Only twice a year does the sun line up with the street grid in NYC and you can photograph the setting sun in the middle of the street and glowing off the tall buildings. If the weather cooperates, it looks great.

Anyone wanting to do this, contact Judy Dinnerman at 609-865-1111

**Photographic Society of America (PSA) Annual Conference** in San Antonio, TX
